Firefly, Mustique Island, St. Vincent & The Grenadines.

Firefly, probably Mustique's best kept secret on this privately owned & exclusive island, is truly unique having been built in the early seventies as a private villa, and recently transformed into one of the Caribbean's most exclusive hideaways.

The Firefly is perched on a hill with magnificent views of the Caribbean Sea & neighboring tropical islands fading to the horizon. It affords the most wonderful sunset scenes from all rooms including the dining terrace & bar lounge area, which is complete with a Grand Piano & comfortable areas to enjoy a cocktail or meet old friends.

The Firefly has just five rooms, ensuring the exclusivity that our regular guests have come to expect. Each uniquely different room has its own bathroom, a queen or king size bed (two are antique four posters) & beautiful ocean views.

Each room has been individually designed as a "Caribbean Fantasy" and include the extra touches you naturally expect such as quality linen, unbleached cotton towels, hair dryer, bathroom amenities, robes, direct dial telephone, iPod, dock and speakers (iPod fully loaded with specially selected music), wireless (G) internet access, mini bar & room service.

Two sparkling fresh water swimming pools fed by two waterfalls are the centerpiece of our tropical lush gardens.

Sun decks, hot spa/Jacuzzi, private patios, comfortable hammocks all exclusively for the use of our guests, complete the scene.

Our popular cocktail bar (The "hangout" for Island residents and visiting celebrities), is famous for its delicious award winning Mustique Cocktails.

Mustique is probably the one remaining Caribbean Island free of hassle and hustle, no beggars, no beach or street vendors, no unemployment , no casinos, high-rise hotels, nightclubs, discos or golf courses and a 20 mph speed limit.

There is a fine stable of thoroughbred horses for that sunset gallop along the beach. Also wonderful hiking and nature trails, sailing, scuba diving, water sports and tennis. Most of all, unspoilt peace and tranquility. Mustique enjoys a warm climate with an average temperature range of 75- 80f (24 - 29c) throughout the year.

Any time of the year is wonderful here. There is no “out of season”, being far enough south to avoid hurricanes. Some of the best times to be here are the summer months of June through September, when all our beautiful flora is in full bloom.

Mustique is essentially composed of seven valleys, each with a deserted white sand beach, fringed by palm and coconut trees surrounded by a series of coral reefs. Whilst famous for its ‘celebrity homeowners’ and visitors, it is truly an island paradise. One that will make you return again and again.

For those seeking some relief from the tranquility of Mustique, we can arrange sailing trips to local islands, sport fishing and other excursions to see some of the natural beauty of the Grenadines.

## Truthful Asides

1. Firefly is located on a steep hill, there are very steep steps in the garden and a spiral staircase to most rooms. We regret we are not suitable for those with disabilities or children under 12 years of age.
2. Firefly is a popular hangout for island residents, visiting celebrities and musicians. The bar is open until midnight October through April, 11pm in the summer.
3. Firefly has a relaxed and friendly house party atmosphere. It is not for the boring, the pretentious or the stuffy!
